

Northern Arizona Healthcare Fact Sheet

Mission

Improving health, healing people.

Vision

Always better care. Every person, every time...together.

Leadership

As a nonprofit healthcare system, Northern Arizona Healthcare is governed by a volunteer board of directors.

Fast Facts

- We are the largest healthcare system in Northern Arizona, a region encompassing more than 50,000 square miles.
- NAH serves more than 700,000 people with a team of 4,000 doctors, nurses and other experts.
- We also serve millions of tourists visiting regional landmarks, including the Grand Canyon, Sedona, Monument Valley and Lake Powell.
- NAH ranks in the top 20 percent of small healthcare systems in the nation by Truven Health Analytics since 2013.

Hospitals

- We provide comprehensive healthcare services through two hospitals – Flagstaff Medical Center and Verde Valley Medical Center – which have a combined capacity of nearly 400 beds.
- Flagstaff Medical Center is the only Level 1 Trauma Center north of Phoenix.

Facilities and Outpatient Services

- NAH provides outpatient services through 33 ambulatory sites throughout Flagstaff, Cottonwood, Sedona and Camp Verde, including:
 - Primary care clinics and specialty physician clinics.
 - Cancer Centers of Northern Arizona Healthcare.
 - Heart & Vascular Center of Northern Arizona – Cottonwood.
 - EntireCare Rehab & Sports Medicine.
 - Weight Management Clinic.
 - Outpatient surgical centers.
- We provide diagnostic imaging, laboratory and pharmacy services throughout the region.
- With 7 helicopters and 15 ambulances, NAH provides emergency transport services through Guardian Air and Guardian Medical Transport.
- Many of the services we provide receive major funding through the NAH Foundation.
