

Objectives

The goal of the PALS provider and renewal courses are to improve outcomes for pediatric patients in cardiac arrest and other cardiopulmonary emergencies through early recognition and interventions by high performance teams based on the standards of the American Heart Association.

1. Application of the concepts of systematic evaluation of a pediatric patient which includes initial, primary and secondary assessment
2. Application of early recognition and management of a pediatric patient in respiratory and shock states
3. Recognition and management of bradyarrhythmias and tachyarrhythmias
4. Recognition and management of cardiac arrest including basic life support and post cardiac arrest care management

Prerequisites

1. All registrants must be healthcare providers who direct or participate in the resuscitation of patients either in or out of hospital setting
2. As part of preparation for the course, participants are issued a provider manual and expected to prepare prior to attendance in the course
3. Complete a precourse work assignment made up of self-assessment and precourse work videos through the AHA E-learning website. Participants will be given further instructions related to this requirement upon registration.

Due to required class preparation, registration for classes will be closed five (5) business days prior to the provider/renewal class date and 14 business days for a PALS instructor course.

Two-day Provider Course

8 a.m. - 5 p.m.

Classes at FMC

March 1-2	May 17-18
June 15-16	August 2-3
October 16-17	November 1-2
December 11-12	

Classes at VVMC

September 7-8	December 14-15
---------------	----------------

Cost: \$175 (NAH employee \$110)

One-day Renewal Course

8 a.m. - 5 p.m.

Classes at FMC

January 12	April 13
May 11	July 6
September 21	November 10

Classes at VVMC
