

Using the Easy Uploader

<https://widgets.nuancepowershare.com/easyupload/NorthernAZHealthcare>

For the best experience, it is recommended to use either the Chrome, Firefox, or Microsoft Edge browser.

Navigate to the Easy Uploader using the URL you received from your hospital.

Note: There might be unique instructions provided by your hospital. If so, it will be on the left side of your screen in Blue.

The screenshot shows the Nuance PowerShare Easy Upload interface. At the top, it says "powered by Nuance® PowerShare™ Network". Below that, there's a cloud icon and the text "Upload your images to FINCH MEDICAL CENTER". A blue box on the left contains instructions: "To start uploading your medical images, enter your email address or phone number to receive an authentication code. Then, click Send Authentication Code." and "Please upload your prior images here. By providing your records in advance, we will have a chance to better prepare for your appointment." On the right, there's a "Send Authentication code:" section with two radio buttons: "To my email address" (selected) and "To my phone via text message". Below the first radio button is an "Email Address" input field. At the bottom of this section is a blue button labeled "Send Authentication Code". A note at the bottom of the page states: "For the best experience, it is recommended to use either the Chrome, Firefox, or Microsoft Edge browser."

Before uploading, you need to request an Authentication Code by providing either your email address or your phone number.

This screenshot is identical to the one above, but with an orange rectangular box highlighting the "Send Authentication code:" section on the right side of the page. This section includes the radio buttons for "To my email address" and "To my phone via text message", the "Email Address" input field, and the "Send Authentication Code" button.

Once you receive the code, provide the code on the following screen.

Note: Your authentication code expires in 5 minutes.

Check the box to agree to the Terms and Conditions and the HIPAA Agreement.

Click Confirm Authentication Code.
