

Northern Arizona Healthcare Fact Sheet

About NAH

Northern Arizona Healthcare (NAH) is a non-profit health system, in which we serve all patients, regardless of ability to pay, and invest heavily in the health of the communities we serve.

Fast Facts

- We are the largest health care system in northern Arizona, a region encompassing more than 50,000 square miles.
- NAH has a team of over 3,000 doctors, nurses and other health care experts who serve a region that is home to more than 750,000 people.
- We also serve many tourists visiting regional landmarks, including the Grand Canyon, Sedona, Monument Valley and Lake Powell.
- More than 25 percent of NAH's patients represent disadvantaged populations, such as those who are uninsured or who are Medicaid beneficiaries.
- Among all NAH patients, more than 10 percent are members of tribal communities. At FMC, that number is about 25 percent. Additionally, nearly nine percent of our employees are members of tribal populations
- Northern Arizona Healthcare has been consistently recognized by the Centers of Medicare and Medicaid Services and Leapfrog Hospital Safety Grades for excellence in health care.

Hospitals

- We provide comprehensive health care services through two hospitals – Flagstaff Medical Center and Verde Valley Medical Center – which have a combined capacity of nearly 400 beds.
- Flagstaff Medical Center is the only Level 1 Trauma Center north of Phoenix.

Facilities and Outpatient Services

- NAH provides outpatient services at numerous ambulatory sites throughout Flagstaff, Cottonwood, Sedona and Camp Verde, including:
 - Primary care clinics and specialty physician clinics
 - Cancer Centers of Northern Arizona Healthcare
 - Orthopedic & Spine Institute
 - Cardiovascular Institute
 - EntireCare Rehab & Sports Medicine
 - Weight Management Clinic
 - Outpatient surgical centers
- We provide diagnostic imaging, laboratory and pharmacy services throughout the region. In addition, many of our specialty services – including rural telemedicine; population health initiatives and palliative care – reach far beyond the hospital's walls and touch our communities where the need is greatest.
- With ten helicopters, one fixed-wing airplane, and 20 ambulances, NAH provides emergency transport services through Guardian Air and Guardian Medical Transport.

Mission

Improving health, healing people.

Vision

Always better care. Every person, every time...together.
