

Northern Arizona Healthcare

Verde Valley Medical Center (VVMC) and Sedona Emergency Department (ED)

# Bottomless Toy Box Drive

Accepting donations now through Sunday, May 4

Verde Valley Medical Center (VVMC) and Sedona Emergency Department (ED) Unit-Based Counsel needs your help! They're inviting Northern Arizona Healthcare (NAH) colleagues and community members to donate toys that bring comfort and distraction to pediatric patients during times of emergency and illness.

As our community grows, so does the number of young patients our health care teams support. Your generosity helps meet this increasing demand while bringing joy to children when they need it most.

## Want to help?

We are accepting new (in package or with tags) age-appropriate toys, activities, fidgets and comfort items for patients aged infant to teen.

**\*No need to be fancy or expensive, just fun!**

### Examples of items you can donate:

- Barbies and action figures
- Books (for reading, coloring or problem-solving)
- Bubbles
- Colorful or glittery toys
- Light-up toys
- Puzzles
- Rubik's Cube
- Sensory toys (fidget spinners, squishy toys, Play-Doh, Slinkys)
- Stuffed animals
- Toy cars

**NAH colleagues:** Drop off donations in the collection box located in the pediatric area of VVMC ED (badges allow access on the entry pad off of the Pediatric Observation Unit in the main corridor near Tele 1 North) or take them to the Nurse Station at Sedona ED.

**Community members:** Donate items by delivering them to either the VVMC or Sedona ED Registration Desk.

**Thank you for making a difference!**
