The information inside this guide can help you review your health coverage options, check out tax savings opportunities, and learn about voluntary benefits options.

ELIGIBILITY

You are eligible for most benefits on the first day of the month coinciding with or following your date of hire or eligibility date.

- **If you are a full-time employee budgeted to work at least 30 hours per week:** you and your dependents are eligible to enroll in all offered benefit programs.
- **If you are a part-time employee budgeted to work at least 24–29 hours per week:** you and your dependents are eligible to enroll in the medical, dental, vision, health savings account (HSA), flexible spending accounts (FSAs), basic life and AD&D, short-term disability, long-term disability, and pet insurance.
- **If you are classified as a temporary full-time employee, you are eligible to enroll in medical coverage only.** You may also be eligible to open a health savings account. Please note you will not be eligible for the NAH HSA contribution.
- **If you are budgeted to work less than 24 hours per week:** you are not eligible to enroll in benefits.*

*If you are not currently eligible for benefits as defined above, you may be eligible to enroll in the medical plan if you worked an average of 30 or more hours per week during the preceding 12 months (from October 15 through October 15 of the following year). An email from NAH Benefits will be sent to those employees who qualify. All NAH employees are eligible to participate in the 401(k) retirement savings plan.

Many of the plans allow you to cover your eligible dependents, which include:

- **Your legal spouse:** If you are legally separated, then your spouse is not eligible for enrollment. Domestic partners are not eligible.
 - » Dependent spouse will be removed from the plan if documentation is not received within 60 days of your benefit eligibility date. Acceptable documentation for spouse includes a copy of the state or county issued marriage certificate received after the date of the ceremony with a recorded file date.
- **Your child under age 26 or disabled child age 26 or older:** Dependent children will be removed from the plan if the following documentation is not received within 60 days of your benefit eligibility date.
 - » **Your natural child, legally adopted child, or child placed with you for adoption:** State or county issued birth certificate showing your name or signed court order. If the birth certificate lists your maiden name, also provide your marriage certificate.

MEDICAL BENEFITS

UMR | umr.com | 844-614-8433

NAH offers two medical plan options through UMR.

At NAH, we self-fund our medical plans, meaning we use NAH funds to pay each claim for care received by an NAH employee or dependent. We partner with a vendor, UMR, to process our claims. It is important to understand that the amount you pay out of your paycheck for medical insurance is largely determined by the actual claims that occur within our health plan. Please keep this in mind when making your health care decisions, and when possible, choose a Tier 1 provider to keep costs lower for you and NAH. The medical plan designs are determined by the NAH Benefits Committee.

The NAH medical plans have up to three tiers (levels) of network coverage:

- **Tier 1:** Includes exclusively NAH providers, facilities, and pharmacies. This means colleagues and their beneficiaries covered by NAH health care plans will continue to receive discounts for choosing NAH facilities. Your coinsurance and out-of-pocket maximums are also reduced when receiving care from Tier 1 NAH providers and NAH-owned facilities, including: Flagstaff Medical Center, Verde Valley Medical Center, Sedona Medical Center, Northern Arizona Healthcare Orthopedic Surgery Center, EntireCare Sports & Rehab Medicine outpatient and imaging services.

Domestic discounts are automatically removed from your billed charges by UMR when processing claims, so you don't have to do anything to get them. In 2025 those discounts are:

- » **FMC and NAHOSC:** 65%
- » **VVMC and SMC:** 72%
- » **EntireCare outpatient and imaging services:** 35%
- **Tier 2:** Includes all other in-network UnitedHealthcare Choice Plus providers and facilities including non-employed Pathfinder providers. Find a UHC Choice Plus provider [HERE](#). Find a behavioral health provider at liveandworkwell.com.
- **Tier 3:** Providers who are not contracted with UnitedHealthcare Choice Plus network and are not in Tier 1.

Download the UMR mobile app to view your digital ID card, look up network providers, view claims and keep track of your year to date expenses.

BEFORE YOU CHOOSE A PLAN, CONSIDER THIS:

Are you able to budget for your deductible by setting aside pre-tax dollars from your paycheck in a health savings account (HSA)? Do you take preventive medications on the HDHP preventive drug list?

Consider the HDHP Medical Plan.

Do you prefer to pay more for medical insurance out of your paycheck, but less when you need care? Do you prefer to pay copays for prescriptions?

Consider the EPO Medical Plan.

MEDICAL BENEFITS

MEDICAL COSTS

Listed below are the per paycheck costs for medical insurance. The amount you pay for coverage is deducted from your paycheck on a pre-tax basis, which means you don't pay taxes on the amount you pay for coverage.

Level of Coverage	HDHP Medical Plan			EPO Medical Plan		
	Full-Time Employees	Part-Time Employees	ACA	Full-Time Employees	Part-Time Employees	ACA
Employee Only	\$0.00	\$116.51	\$45.20	\$62.06	\$173.04	\$173.04
Employee + Spouse	\$51.32	\$256.60	N/A	\$212.20	\$431.34	N/A
Employee + Child(ren)	\$34.56	\$206.89	\$236.82	\$118.52	\$305.35	\$302.88
Employee + Family	\$68.03	\$335.45	N/A	\$256.99	\$541.99	N/A

COMPARING YOUR MEDICAL PLAN OPTIONS

Choosing the right medical plan is an important decision. Take the time to learn about your options to ensure you select the right plan for you and your family.

HDHP MEDICAL PLAN VS. EPO MEDICAL PLAN

HDHP Medical Plan

- Lower cost per paycheck.
- Tier 1, 2, and 3 coverage
- Higher deductible.
- You pay the network discounted price until you meet your deductible and then coinsurance applies.
- You can fund a health savings account (HSA) and a limited purpose health care flexible spending account (FSA).
- NAH contributes \$500 to your HSA upon enrollment plus \$20 ongoing per paycheck. This is equivalent to \$1,000 per year that NAH contributes!

Note: Temporary full-time employees and those receiving medical benefits as an ACA full-time equivalent employee are not eligible for the NAH HSA Contribution.

EPO Medical Plan

- Higher cost per paycheck.
- Tier 1 and 2 coverage only (except for Tier 3 coverage on behavioral health, emergency room, urgent care, and walk in clinics)
- Lower deductible.
- You pay a copay for most services. Some services require you to meet the deductible and then pay coinsurance.
- You can fund a health care flexible spending account (FSA).

DID YOU KNOW? NAH contributions to your health savings account (HSA) are not taxed. HSA balances carry over from year to year.

MEDICAL BENEFITS

NUMBERS TO KNOW

Deductible

The amount you must pay for medical services before the insurance plan will begin to pay. However, your preventive care is covered 100% in-network by the plan.

HDHP Deductible:

- **Tier 1:** \$3,300 individual; \$6,600 family

EPO Deductible:

- **Tier 1:** \$1,500 individual; \$3,000 family

Coinsurance

A form of cost-sharing where you and the insurance plan share expenses in a specified ratio after you meet the deductible (until you reach the OOP max.).

HDHP Coinsurance:

- **Tier 1:** 20%
- **Tier 2:** 30%
- **Tier 3:** 50%

EPO Coinsurance:

- **Tier 1:** 10%
- **Tier 2:** 30%
- **Tier 3:** 50%

Out-of-Pocket Maximum

The max amount you will pay for services during the plan year. The out-of-pocket (OOP) max is the sum of your deductible and coinsurance payments.

HDHP OOP Max:

- **Tier 1:** \$4,500/\$9,000
- **Tier 2:** \$6,500/\$13,000
- **Tier 3:** \$8,500/\$17,000

EPO OOP Max:

- **Tier 1:** \$4,000/\$8,000
- **Tier 2:** \$6,000/\$12,000
- **Tier 3:** \$8,000/\$16,000

NO COST PREVENTIVE MEDICATIONS

The Affordable Care Act requires that certain medications such as contraceptives or vaccines be covered 100% for all medical plans. NAH also provides you coverage for additional preventive medications that can be found on the NAH Medical Preventive Medication List. Preventive medications under the ACA list and NAH's Medical Preventive Medication List will be covered 100% on both plans regardless of whether the deductible or out-of-pocket maximum has been met or not.

This coverage applies to prescriptions filled at NAH in-house pharmacies or OptumRx in-network pharmacies. When these medications are purchased at an out-of-network pharmacy, standard prescription benefits with applicable deductible and coinsurance will apply.

FLAGSTAFF PHARMACY AND VVMC RETAIL PHARMACY

The NAH in-house pharmacies may provide the lowest cost prescription fills for NAH employees and their family members. Members on the EPO plan can receive 90 day prescriptions at the cost of 60 days. Both pharmacies offer an employee discount of 15% for over-the-counter items.

MEDICAL BENEFITS

PRESCRIPTION DRUG BENEFITS

PRIOR AUTHORIZATION

Prescriptions for certain medications or circumstances require clinical approval before they can be filled, even with a valid prescription. Prescriptions may be limited to quantity, frequency, dosage, or may have age restrictions. The authorization process may be initiated by the plan participant, the local pharmacy, or the physician by calling OptumRx at 800-797-9791.

GENERIC FIRST AND STEP THERAPY

Most medical conditions have multiple medication options. Although their clinical effectiveness may be similar, prices can vary widely. With the step therapy program, you get the treatment you need, usually at a lower cost. This program requires you to try a level 1 medication first before a level 2 medication may be covered.

When you bring a prescription to the pharmacy, the system will automatically screen the medication for step therapy requirements. If your prior pharmacy claims show that you have tried a level 1 medication in the recent past, the level 2 medication may be processed. If not, the pharmacist will contact your doctor for further explanation.

There are some drugs that require three steps before a medication is covered. This means that you must try level 1 and level 2 medications before receiving benefit coverage for a level 3 medication. We encourage you to discuss your treatment and medication options with your doctor.

If you have questions about the program, call 800-797-9791.

OPTUMRX MOBILE APP

Download the OptumRx mobile app and access your pharmacy benefits and prescription information from anywhere, anytime.

Use the mobile app to:

- Set up reminders to take, refill, or renew a prescription.
- Find lower-cost medications to save money.

PREVENTIVE CARE

In-network preventive care is free for medical plan members.

The NAH medical plans pay 100% of the cost of preventive care when received from a Tier 1 or Tier 2 provider. Please be aware that you will be responsible for the cost of any non-preventive care services you receive at your preventive care exam based on your plan design.

Preventive care helps keep you healthier long-term.

An annual preventive exam can help **IDENTIFY FUTURE HEALTH RISKS** and detect issues early when care is more manageable and potentially more effective.

Preventive care helps keep your costs low.

With a preventive care exam each year, you can **TARGET HEALTH ISSUES EARLY** when they are less expensive to treat. You can also effectively manage chronic conditions for better long-term health.

Preventive care keeps your health up to date.

Yearly check-ins with your doctor keeps your health on track with **AGE- AND GENDER-SPECIFIC EXAMS, VACCINATIONS, AND SCREENINGS** that could save your life.

Some services, such as refilling a prescription, are generally not considered preventive if you get them as part of a visit to diagnose, monitor, or treat an illness or injury. When scheduling a preventive visit, you can ask your provider for a breakdown of how the visit will be billed, as every provider handles this differently.

SAVE MONEY ON YOUR HEALTH CARE

Choose an in-network provider.

Choose an in-network provider and you'll pay less out of your pocket. Why? Because in-network doctors and facilities contract with the UHC network and agree to charge a lower price for services.

Request an in-network lab.

When your doctor orders a test, confirm that an in-network lab will be used. If your tests are sent to an out-of-network lab, you may incur additional out-of-pocket expenses.

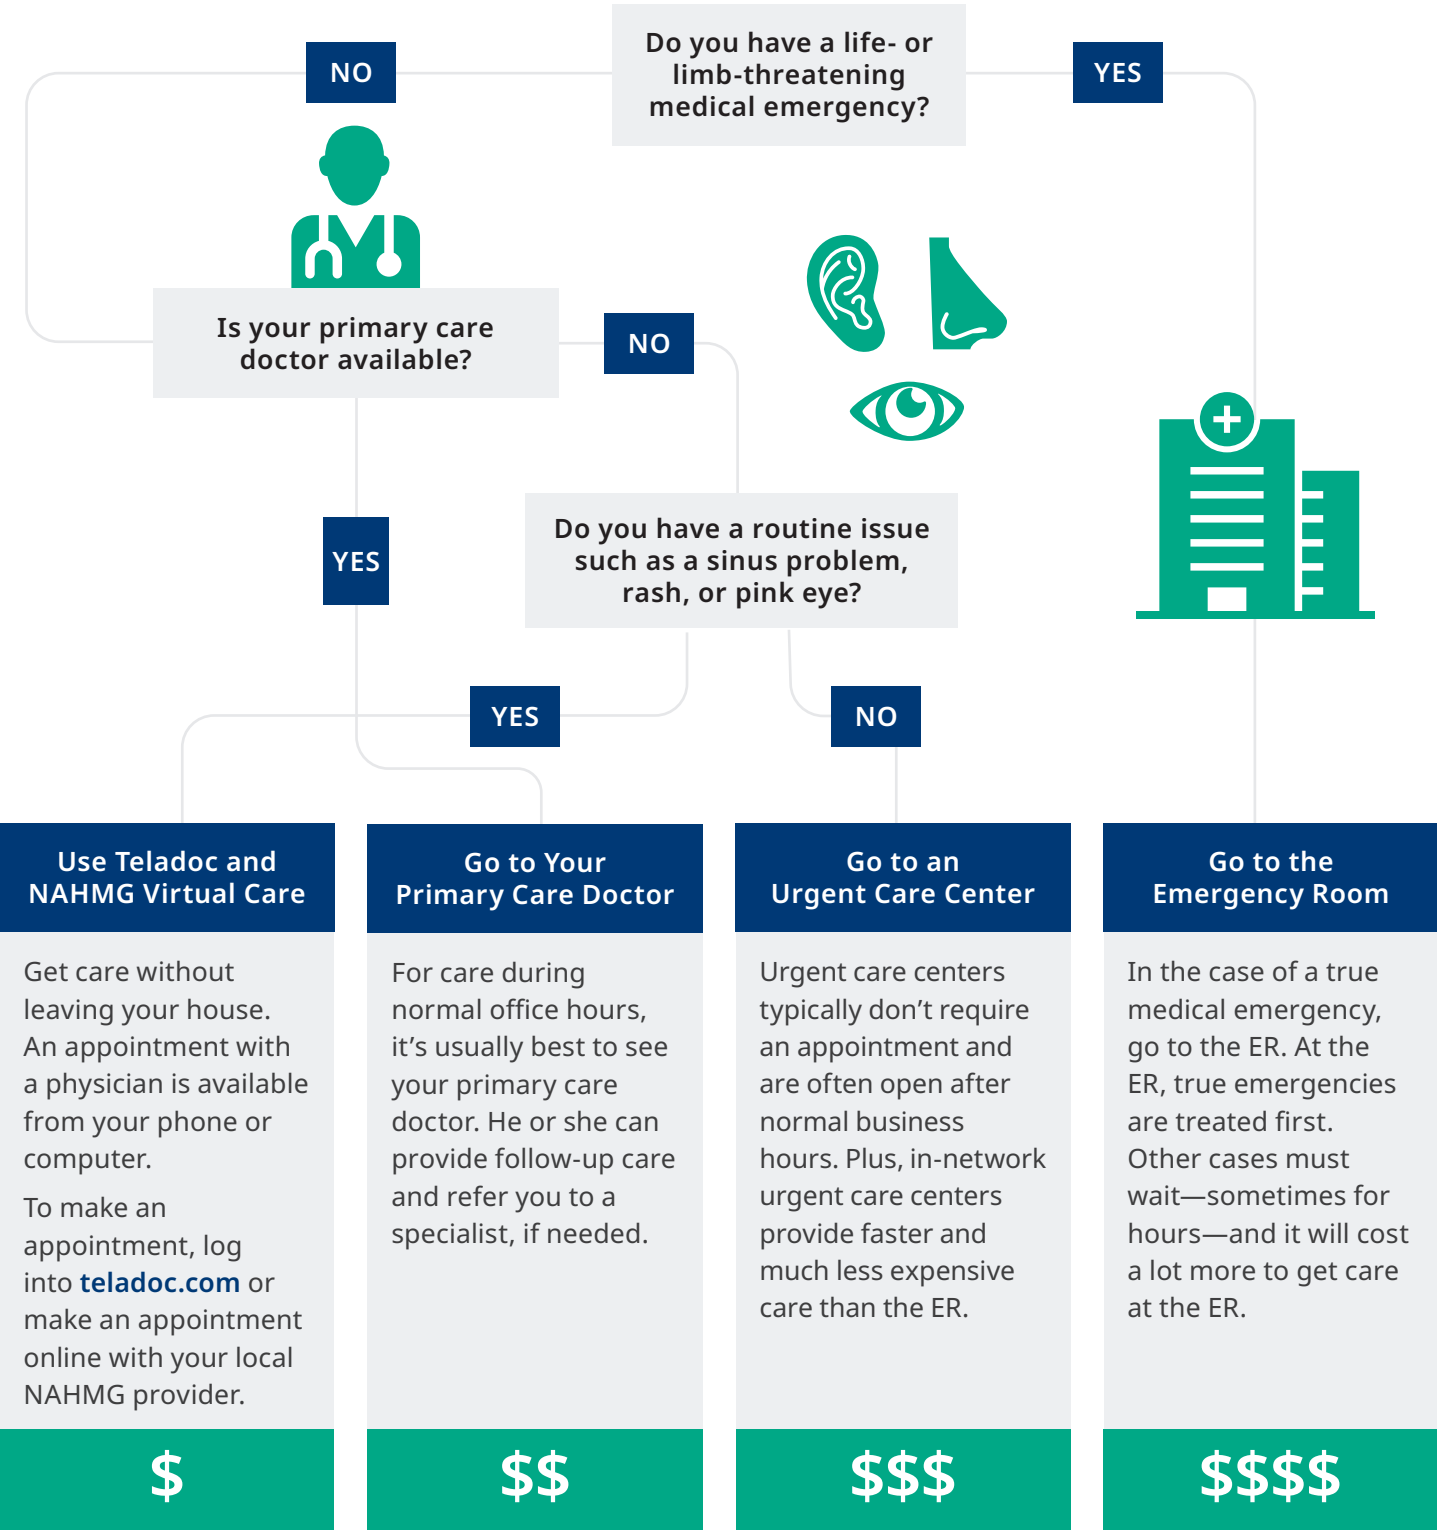

Check your explanation of benefits.

After your appointment, review your explanation of benefits (EOB) and provider bill to confirm you were billed correctly.

When you put money into a pre-tax account, you can save up to 20%* on your care and increase your take home pay. This is because you don't pay tax on your contributions.

HEALTH SAVINGS ACCOUNT

WEX | wexinc.com | 866-451-3399

If you enroll in the HDHP Medical Plan, you may be eligible to open and fund a health savings account (HSA) through WEX.

An HSA is a savings account that you can use to pay out-of-pocket health care expenses with pre-tax dollars.

NAH CONTRIBUTION

If you enroll in the HDHP medical plan, NAH will help you save by contributing an initial \$500 to your account on your initial paycheck after you enroll, then \$20 per pay period thereafter in 2025.

2025 IRS HSA CONTRIBUTION MAXIMUMS

Contributions to an HSA (including the NAH contribution) cannot exceed the IRS allowed annual maximums.

- **Individuals:** \$4,300
- **All other coverage levels:** \$8,550

If both spouses are contributing to an HSA through their employer, the combined limit is \$8,550. If you are age 55+ by December 31, 2025, you may contribute an additional \$1,000.

After you enroll in the HSA, log into WEX and accept the terms and conditions. You will not have access to your HSA funds or receive the NAH contribution until the agreements are accepted and submitted.

HSA ELIGIBILITY

You are eligible to fund an HSA if:

- You are enrolled in the HDHP Medical Plan.

You are NOT eligible to fund an HSA if:

- You are covered by a non-HSA eligible medical plan, health care FSA (including a health care FSA your spouse may have enrolled in), or health reimbursement arrangement.
- You are eligible to be claimed as a dependent on someone else’s tax return.
- You are enrolled in Medicare, TRICARE, or TRICARE for Life. To avoid tax issues, you should stop contributing to your HSA up to six months before enrolling in Medicare or starting Social Security retirement benefits.
- You have received medical services from the Veterans Administration or Indian Health Services in the last three months, unless the care was preventive, dental or vision care, or VA hospital or medical services of a “service-connected” disability.

Refer to **IRS Publication 969** or wexinc.com for additional eligibility details. If you are over age 65, please contact the NAH Benefits Team.

MAXIMIZE YOUR TAX SAVINGS WITH AN HSA

Spend.

Pay for eligible expenses such as deductibles, dental and vision exams, menstrual care products, and prescriptions.

Save.

Roll over funds every year to boost your long-term savings. Even if you switch health plans or jobs, the money is yours to keep.

Invest.

Invest and grow HSA funds tax free—including interest and investment earnings. After age 65, spend HSA dollars on any expense penalty free.

FLEXIBLE SPENDING ACCOUNTS

WEX | wexinc.com | 866-451-3399

NAH offers three flexible spending account (FSA) options through WEX.

HEALTH CARE FSA (NOT ALLOWED IF YOU FUND AN HSA)

Pay for eligible out-of-pocket medical, dental, and vision expenses with pre-tax dollars.

The health care FSA maximum contribution is \$3,300 for the 2025 calendar year. The health care FSA minimum contribution is \$250 for the 2025 calendar year.

LIMITED PURPOSE HEALTH CARE FSA (IF YOU FUND AN HSA)

If you fund an HSA, you can also fund a limited purpose health care FSA. The limited purpose health care FSA can only be used for dental and vision expenses.

The limited purpose health care FSA maximum contribution is \$3,300 for the 2025 calendar year. The limited purpose health care FSA minimum contribution is \$250 for the 2025 calendar year

DEPENDENT CARE FSA

The dependent care FSA allows you to pay for eligible dependent day care expenses with pre-tax dollars. Eligible dependents are children under 13 years of age, or spouse, a child over 13, or elderly parent residing in your home who is physically or mentally unable to care for him or herself.

You may contribute up to \$5,000 to the dependent care FSA for the 2025 calendar year if you are married and file a joint return or if you file a single or head of household return. If you are married and file separate returns, you can each elect \$2,500 for the 2025 calendar year.

HOW TO USE AN FSA

1

Contribute.

Decide how much to contribute to your FSA on a calendar year basis up to the maximum allowable amounts. This amount will be evenly divided by the number of pay periods and deducted on a pre-tax basis from your paycheck.

2

Pay.

Use your FSA debit card to pay for eligible expenses at time of service or submit a claim for reimbursement at wexinc.com. Keep all receipts in case WEX requires you to verify the eligibility of a purchase.

3

Use it or lose it.

Use your health care FSA funds before the end of the year—any funds in excess of \$660 will be forfeited. Dependent care FSA dollars are use it or lose it (no roll over allowed). However, you have an additional two and a half months to incur and be reimbursed for expenses after the end of the plan year.

VOLUNTARY BENEFITS

The Hartford | thehartford.com/benefits/myclaim | 866-547-4205

NAH offers the following voluntary benefits to support your financial wellbeing.

ACCIDENT INSURANCE

NAH provides full-time employees the option to purchase accident insurance through The Hartford. Accident insurance helps protect against the financial burden that accident-related costs can create. This means that you will have added financial resources to help with expenses incurred due to an injury, to help with ongoing living expenses, or to help with any purpose you choose. Claims payments are made in flat amounts based on services incurred during an accident.

CRITICAL ILLNESS INSURANCE

NAH provides full-time employees the option to purchase critical illness insurance through The Hartford. Critical illness insurance provides a financial, lump-sum benefit upon diagnosis of a covered illness.* These covered illnesses are typically very severe and render the affected person incapable of working. Critical illness insurance can provide a lump-sum benefit upon diagnosis that can be used however you choose—from expenses related to treatment, to deductibles or day-to-day costs of living such as your mortgage or utility bills.

- **Employee:** Minimum of \$5,000 to a maximum of \$50,000 in \$5,000 increments
- **Spouse:** Minimum of \$5,000 to a maximum of \$50,000 in \$5,000 increments, equal to the approved employee amount

Note: Any election over \$30,000 will require evidence of insurability. You must be enrolled in order to enroll your spouse or child(ren).

HOSPITAL INDEMNITY INSURANCE

NAH provides full-time employees the option to purchase hospital indemnity insurance for themselves, their spouse, and their dependent children through The Hartford. Hospital indemnity insurance is designed to help provide you financial protection by paying a benefit due to hospitalization. You can use the benefit to meet the out-of-pocket expenses and extra bills that can occur. Lump sum benefits are paid directly to the individual based on the amount of coverage listed, regardless of the actual cost of treatment.

IMPORTANT: This is a fixed indemnity policy, NOT health insurance.

- This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.
- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance?

- Visit healthcare.gov or call 1-800-318-2596 (TTY: 1-855-889-4325) to find health coverage options.
