Living Well Through Serious Illness: The Power of Palliative Care

Presented by R. Casey Kelly, DO, hospice and palliative care physician

Join us for an uplifting presentation that explores how early palliative support can ease symptoms, reduce stress and improve quality of life. This session is important because understanding palliative care helps individuals and families make confident, compassionate decisions long before a crisis occurs.

Thursday, April 23, 5 - 6 p.m.

McGee Auditorium, Flagstaff Medical Center
1200 N. Beaver St., Flagstaff
